Model 14V / 14V-B:

Following its introduction in 2016, the 14V-B quickly became Sentry's best-selling AC/DC battery backup system. Perfect for large municipalities and noisy industrial environments, the 14V produces a thundering 127dB(C) with full UPS reliability, even if AC power fails during an emergency. For applications not requiring battery backup, the 14V AC provides amazing power for a fraction of the price.

Key features:

- Rated at 127dB(C) at 100ft.*
- 5,400ft. estimated coverage radius / effective range*
- 14V AC requires 3PH, 208-240VAC, 60 amppower; 14V-B requires 1PH, 208-240VAC, 125 amp power
- 14V-B also available in a DC / battery primary configuration
- Minimum 30 minutes run time from batteries
- Omni-directional (non-rotating) warning siren
- True 360 degree full dB sound output
- 100% maintenance free
- Electro-mechanically generated sound
- 5 year factory warranty
- Powder coated steel construction. Stainless steel available on request.
- Easily replaces aging existing sirens
