with a high level of protection.

vft3 Sawyer Kit Helmet

Ergonomics and versatility with a high level of protection.

The **vft3 Sawyer Kit Helmet** was designed to meet the needs of units that intervene in wildland fires and rescue operations. Made with high-quality materials, it offers a high level of protection with a wrap-around design produced in a single PC/ABS part without added paint and a protective visor for more protection against liquids from aerial discharges with flame retardant.

Greater protection and resistance

A wrap design for better protection from side, front and rear impacts manufactured with one sole PC/ABS part, without any added paint.

More comfortable and breathable

Completely size adjustable with an adjustment wheel¹. The breathable and fireproof cushioned leather pads form a totally ergonomic and comfortable harness.

Customization

A large variety of colors available, reflective strips with marking and the possibility of adding a shield.

Profile

4 Sawyer Kit Components

The vft3 Sawyer Kit Helmet is compatible with all types of accessories. Noise protection, nape guards, radio systems and video cameras can be included.

Safe 2 Flex Visor Carrier

The Safe 2 visor carrier is designed to be combined with safety helmets and visors, with or without hearing protection.

- For straight brimmed helmets.
- Extra rubber seal against rain and debris.

Mesh Screen Visor

The steel mesh visor is very robust and suitable for tough working conditions. The visor protects the wearer from large dust particles and gives a comfortable airflow, stays close to your face for superior coverage and ensures stability and balance.

- Light transmittance of up to 70%.
- Suitable for forestry.

Hearing Protectors

The headband style hearing protectors offer great comfort and quality to all professional users. Protection level 2 is suitable for medium to high noise levels, between 90-110 dB.

- Protection level 2 for medium to high noise.
- Best choice for high frequency noise.
- Comfortable headband with soft padding.

Other accessories

Nape guard

- Nape guard made of 65% Lenzing® F.R. | 30% Nomex® | 5% Kevlar® for perfect insulation against radiation and high temperatures.
- Light.
- Breathable.
- Velcro® attachment.

- * Useful life: 5 years.
- * Warranty: 2 years for the helmet and accessories.
