

CONSTANT FLOW NOZZLE TIPS

- Feature a rugged and durable lightweight hard anodized aluminum construction
- Built with Stainless Steel internal components for superior performance
- Rubber Bumper offers additional protection and excellent grip stability for gloved hands
- Adjustable from fog to straight stream including a twist shutoff
- Available in NST, NPSH, and GHT Threads
- Add a C & S Supply, Inc. shut off to any nozzle tip to make a custom “Combo” nozzle
- Standard operating pressure: 100psi - Max operating pressure: 400psi - Max test pressure: 600psi
