

Elementary Fire & Rescue

Guided Multi-Level ER Training & Learning Simulator

Modules

Extinguisher Trainer

This module focuses on the proper use of fire extinguishers in various emergency situations. You will understand the different classes of fires, select the appropriate extinguisher for each scenario, and master the techniques for safe and effective extinguisher use.

ER Courses

Our comprehensive ER courses cover a wide range of first responder skills. Each course is divided into lessons that guide you through every step of emergency management. The courses are organized using the AAA Training Model: Analyze, Act, and Adapt

CPR & AED

In this module, you will learn how to respond in an emergency effectively. Discover how to perform CPR correctly, use an AED, and quickly call for help. Through hands-on scenarios, you will gain the knowledge and skills needed to make a difference in a critical situation.

Train Smart. Act Confidently.

Flashgroup Elementary redefines emergency response (ER) training with a comprehensive simulator that consists of proven training methodologies and real equipment hardware.

Technical Specifications

Elementary & Hardware Add-ons

Designed to build essential skills for life-saving situations, Flashgroup Elementary focuses on learning, guided practice, and performance analysis and actionable feedback.

It effectively prepares users for a wide range of emergency scenarios, from fire safety and first aid, to advanced ER procedures such as aggression training, to CPR and AED practices. All that by offering structured lessons and actionable feedback.

- Designed with experts
- Driven by real user data
- Standalone product
- Three training modules
- Based on real ER scenarios
- Worldwide recognized ER principles
- Tailored to industry-specific needs

Case

Case type: Elementary

Dimensions: 34.2" L x 20.8" W x 14.8" H

Weight (empty): 21 lbs.

Weight (full): 27 lbs.

VR Headset

VR headset type: Meta Quest 3

Weight: 1.14 lbs.

Battery life: Q-2: 3 hr.

Q-3: 2hr. 20 min.

Q-PRO: 2hr.

Charging time: Q-2: 2 hr. 30 min.

Q-3: 2hr. 30 min.

Q-PRO: 2hr.

Controller battery: AA battery

Software

Software type: Proprietary training software

Features: Extinguisher Trainer, Emergency Response Courses

Courses: Fire Suppression, First Aid and Evacuation coming soon

Environment customization: Tailored to specific locales and equipment sets

Scenarios: Extensive library of environments and incidents

User interface: Intuitive, user-friendly

Language support: English, more coming when requested

Latency: Optimized for real-time interaction

Analytics: Detailed user performance and scenario outcomes

Fire & Rescue

Extinguisher type: TMPD2S

Dimensions: 4.4" L x 6.3" W x 15.4" H

Weight: 3.6 lbs.

Law Enforcement

Hardware coming soon

Emergency Medical Services

Supported manikins: Laerdal Little Anne, Ambuman Other manikin can be configured by setting the thorax height

Controls: Handtracking

Support

Software updates: Quarterly updates, feature additions

Technical support: 24/7 support
