

## 10 lbs. Granular, Plug N Dike

SKU: 10-P

### Description

Plug N Dike granular is easily mixed with water to create a plugging paste that instantly sticks to drums, totes and fuel tanks. It stops leaks during emergency spills, protecting workers and the environment.

- Used as a temporary patch
- Bentonite provides excellent chemical resistance for fuel leaks
- No surface preparation required, easily sticks to dirty or rusty surfaces
- Mixes quickly for immediate response
- Primarily used for fuels and non-miscible solvents
- Not recommended for plugging containers of antifreeze, acids, caustics, or oxidizers

**⚠ WARNING:** This product can expose you to chemicals which is known to the State of California to cause cancer or reproductive harm. For more information, please email [info@enpac.com](mailto:info@enpac.com) or go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

### Specifications

**Material:** Bentonite

**Diameter:** 4 in. (10.1 cm.)

**Height:** 12 in. (30.4 cm.)

**Weight:** 10 lbs. (4.5 kg.)

**UPC Code:** 705340014709
