

Parrot

ANAFI UKR BATTERY

PRODUCT DESCRIPTION

This smart high density LiPo battery offers ANAFI UKR up to 38 minutes of flight time, allowing users to perform high endurance missions including aerial intelligence collection, emergency response, infrastructure inspections, search & rescue and surveillance missions.

ANAFI UKR battery features a wintering mode, designed to increase its durability and facilitate its care.

KEY FEATURES

- Type: High density LiPo (227 Wh/kg)
- Capacity: 6,800 mAh
- Voltage (nominal): 11.55 V (3 x 3.85 V cells)
- Charging port: USB-C
- Charges fully in 2 h 30 min with the USB-PD (Power Delivery) charger included in the pack
- Maximum charging power: 45 W
- Autonomy: 38 min
- Range: 20 km / 12.43 mi at 10 m/s airspeed

MEASUREMENTS

- Size: 136 x 73 x 46 mm (5.4 x 2.9 x 1.8")
- Mass: 354 g / 0.78 lb
